Plan details

The Shepherds Friendly Society Ltd is required by the Financial Conduct Authority (FCA), the independent financial services regulator, to provide you with this important information to help you decide whether our Stocks and Shares Junior ISA (Individual Savings Account) is right for you and your child.

You should read this document carefully to make sure you fully understand the plan and your commitments. **Please keep this guide in a safe place for future reference.**

The aims of our Junior ISA

To provide:

- An increase to the value of the money that has been invested for your child until their 18th birthday.
- The proceeds of the investment free of Income and Capital Gains Tax under current Junior ISA rules.
- Children with the opportunity to learn about financial matters and investments.

Your investment in the plan

- You can invest a single lump sum and/or monthly premiums into a Junior ISA within HM Revenue and Customs limits.
- You or any other family members or friends can make further payments into the Junior ISA up to the annual allowance.
- The plan and the money in it belongs to your child and it is managed by a person with parental responsibility until the child is 16. When children reach 16 they can manage their own Junior ISA accounts.

Risks associated with the plan

- Past performance cannot be taken as a guarantee of future returns.
- The value of the Junior ISA depends on the future performance of the investments held in the fund and the bonus we distribute from any profits arising from these investments.
- HM Revenue and Customs may change the tax status of a Junior ISA in the future.
- Inflation may affect the purchasing value of the investment in the future.
- The money invested into a Junior ISA cannot be withdrawn early; it can only be withdrawn by the child when they reach the age of 18 years old.
- If you decide to transfer the plan to another provider during the term of the Junior ISA, or if you leave the money invested for more than three months after the child's 18th birthday, then we may apply a market value reduction if investment returns have been poor. In this event your child could get back less than you have paid in.
- When you take out an investment product with us your capital is at risk and you may get back less than you have put in.

Common questions about the plan

What is the Junior ISA?

A Junior ISA is a government-backed child savings plan, where any returns such as interest or investment growth are tax-exempt. Any savings are paid to the child when they turn 18 years old as a tax-free cash lump sum, or the child can choose to transfer their money to an adult ISA.

Who can have an Junior ISA?

Any child resident in the UK, who is not eligible for a Child Trust Fund, who was born on or after 3rd January 2011 or who is aged under 18.

How much can I invest on behalf of the child?

The Junior ISA allowance for each tax year can be invested in a Stocks and Shares Junior ISA. You can only have one stocks and shares Junior ISA.

Or

Your child can also have a cash ISA with another provider but the combined total of payments in any one tax year into both Junior ISAs must not exceed the government's limit.

Or

You can transfer an existing cash or Stocks and Shares Junior ISA to a Shepherds Friendly Junior ISA.

How do I invest?

You can invest regular monthly premiums and/or lump sum investments into the Stocks and Shares Junior ISA as long as the amount does not exceed the HM Revenue and Customs limit per tax year.

The minimum monthly premium you can invest is £10 and you can increase this by a minimum of an extra £10 a month at any time. Your monthly premiums will need to be paid by Direct Debit. If you want to make a lump sum investment, the initial lump sum must be a minimum of £100, while additional lump sum investments of a minimum of £10 can be made at any time.

Family and friends can also contribute to your child's Junior ISA as long as the amount invested per tax year does not exceed the annual allowance.

How will the child's investment grow?

We will invest the money in our With-Profits Fund, which holds a mix of assets including stocks and shares, property, gilts, bonds and cash. The market value of these assets may vary over time and this may affect the level of annual bonus we are able to add to your plan.

The amount of bonus paid each year depends on payments received during the year.

You can find out more information about how our fund works in our document called "A guide to how we manage our With-Profit business" which can be found in the About Us section on our website and additional information about your plan in the Key Information Document also located on the website.

What happens if your child dies or becomes terminally ill?

In the unfortunate event of early death or the diagnosis of a terminal illness we will pay out a minimum of 101% of the fund value.

How will I be kept informed about my child's Junior ISA?

Each year you will receive a bonus statement showing the amount and value of any bonus payments, and the total value of the Junior ISA. You can also register online for Your Account, which allows you to view you plan details, add to your fund and update your Direct Debit securely online.

How does the child withdraw money from the Junior ISA?

Just before your child reaches the age of 18 we will send them information about their options and how to continue to save or withdraw their money. Your child also has the option to transfer the investment to the Shepherds Friendly adult stocks and shares ISA on receipt of a completed declaration form.

What happens at age 16?

Your child may become the Registered Contact at age 16, meaning any correspondence will be addressed to them; they will however not be able to withdraw any money from the Junior ISA until age 18.

Also, when a child reaches age 16 they can hold both a Junior ISA and an 'adult' cash ISA and subscribe up to each individual subscription limit. The subscription limits for all 'adult' ISA products apply independently of whether or not a child holds, or has held, a Junior ISA in the relevant year.

What if I want to change my mind about opening the Junior ISA?

From the date you open the plan you have 30 days in which to cancel the Junior ISA and your money will be returned. If you cancel within the 30 days you will be treated as though you had not used your child's Junior ISA allowance and would be able to subscribe to another Junior ISA in the current tax year.

How we manage your money in our With-Profits plans

This section will provide you with an overview of how we manage your money when you save in any of our plans that are invested in our With-Profits Fund. These are:

- Stocks and Shares ISA
- Stocks and Shares Junior ISA
- Bonus Plan
- Young Saver Plan
- Junior Money Maker

For a more detailed report of how we manage your money, you can download a copy of the full Principles and Practices of Financial Management (PPFM) on our website.

What is the Shepherds Friendly With-Profits Fund?

When you choose to save in any of the plans above, your money is pooled with that of other plan holders in one single fund. This is known as our With-Profits Fund and is invested by our investment managers in a mix of assets, with the intention of maximising the fund's returns over the medium to long-term.

These assets include:

- UK and overseas stocks and shares (equities)
- Property
- Gilts
- Government and company bonds
- Cash deposits

Assets of good quality are chosen and the mix may change over time depending on our investment managers' views on potential future returns and our Board's approach to risk.

How might my plan grow through the addition of bonuses?

We aim to increase the guaranteed amount we will pay out on your plan by adding bonuses.

There are two types of bonus:

Annual Bonus

This is normally added to your plan each year. However, the level of annual bonuses can vary and there is no guarantee that a bonus will be added every year.

Final Bonus

A final bonus may be added to your plan when the plan matures. The level of final bonus can go up or down and there is no guarantee that any final bonus will be added.

The level of bonuses you might receive is based on factors such as:

- How much you have invested
- When you made the investment
- The fund's performance over time
- The costs related to running our business
- Various profits and losses

What if I choose to surrender my plan?

If you decide to surrender or transfer your plan early, we aim to pay out, on average, the asset share of your plan.

What guarantees do I have with my plan?

Our With-Profits plans contain guarantees that on maturity or death, the amount you will receive will be no less than the initial guaranteed basic benefit, plus any annual bonus awarded to the date of your claim.

No guarantees apply if you choose to surrender the plan.

What is a Market Value Reduction (MVR) and how might it affect my final plan pay out?

In order to protect you and our other With-Profits Fund savers, in periods of poor investment conditions, we may apply a Market Value Reduction (MVR) when a plan is cashed in. This may mean a reduction in the value of your plan as a result of stressed market conditions, which have caused worse than expected investment returns at the point in time when you may wish to cash in your plan.

We may take this decision in order to protect other plan holders in the fund who have not decided to cash in their plan at that point in time.

What are the risks associated with the With-Profits Fund?

As a significant proportion of the fund is invested in stocks and shares, there are inevitably risks associated with the performance of financial markets. Unlike a cash-based savings account, where there is normally a set and guaranteed rate of interest on your savings, it is important that you view saving in one of our plans as a medium to long-term investment, which has the potential to offer better returns.

How can I find out more information?

You can find more details about our With-Profits Fund by:

Terms and Conditions of the Shepherds Friendly Junior ISA

This section sets out the Terms and Conditions of the Shepherds Friendly Junior ISA. It details the terms of the contract between yourself and Shepherds Friendly and explains how your plan will be managed.

Please note: No advice has been provided to you by Shepherds Friendly. If you are in any doubt as to whether this plan is suitable for you and your child, we recommend you get in touch with a financial adviser, who will be able to take you through the options available to you. Should you decide to consult a financial adviser, you should appreciate that there may be a cost involved and you should confirm and agree any cost beforehand.

1

Applying for a Junior ISA

1.1 To open a Junior ISA you must complete an application.

2

The contract

2.1 The contract is between us and the Registered Contact (see section 5 below), and is made up of the following documents;

2.1.1 These standard Terms and Conditions;

2.1.2 The plan document and any variations or amendments;

2.1.3 The Key Information Document;

2.1.4 The plan illustration;

2.1.5 Your application for the plan;

2.1.6 Any letter, fax or e-mail that you send us to tell us about any significant changes to your current circumstances.

3

Who can take out a plan?

3.1 A Junior ISA is normally opened on behalf of a child by its parent or legal guardian. This person is known as the Registered Contact.

3.2 A Junior ISA application can only be made by a person aged 16 or over. Where the child is aged 16 or over, either the child or a person with parental responsibility for the child can apply to open the account.

4 Who can you take a plan out for?

- 4.1 To be eligible for a Junior ISA the child must meet these conditions:
 - 4.1.1 Must be an individual.
 - 4.1.2 Must be born on or after 3rd January 2011, or be under age 18 and not have a Child Trust Fund (CTF) account. If the child has a Child Trust Fund already it is possible to transfer this into our Junior ISA (see section 10 below).
 - 4.1.3 Must not have another Stocks and Shares Junior ISA.
 - 4.1.4 Must not have exceeded the overall Junior ISA contribution limit for the tax year.
 - 4.1.5 Must be a UK resident at the time of application.

5 The Registered Contact

- 5.1 The 'Registered Contact' is someone who has parental responsibility for the child who is under 16. Once the child reaches the age of 16 they can request to become the Registered Contact.
- 5.2 Changes can be made to the Registered Contact throughout the plan although consent of the existing Registered Contact is required before the change can take place. However, there are certain exceptions, these being: where the applicant for Registered Contact status is the account holder who is 16 years or older, death of the Registered Contact, the Registered Contact is no longer contactable, the Registered Contact lacks capacity or a court order.

6 Amount of investment

- 6.1 The Junior ISA allowances/limits are set by Government and are subject to change. Please check the limit for the year in which you invest. You can find the Junior ISA allowance for each tax year on the HM Revenue and Customs website or alternatively you can ring us on 0800 526 249 and we will be happy to inform you. The limits are for each tax year which starts on the 6th April and ends on 5th April the following year.
- 6.2 You can invest regular monthly premiums and/or lump sum investments into the plan.

- 6.2.1 The minimum monthly premium is £10 a month, which can be increased at any time by a minimum of £10 a month; monthly payments can also be reduced as long as the payment does not go below £10 a month.
- 6.2.2 The minimum lump sum investment is £100, additional lump sum investments of at least £10 can be made at any time.
- 6.3 Anyone can pay into a Junior ISA as long as the total contributions in any tax year do not exceed the allowances stated above.

7 Type of investment

- 7.1 The Junior ISA is a Stocks and Shares Junior ISA. The investment is made in our With-Profits Fund which holds a mix of assets including stocks and shares, property, gilts, bonds and cash. Spreading the money invested across a number of different asset classes can give the advantage that if the return of one particular asset type is poor, your investment may be protected from the full impact of this fall as other assets forming part of the overall investment may perform better.
- 7.2 Your investment will take the form of a life policy which will be in the child's name. The Junior ISA will be, and must remain in, the child's ownership, which means that it cannot be sold, used as security for a loan or the child's interest in it transferred in any way.
- 7.3 We manage the investment of the plan in line with our Principles and Practices of Financial Management (PPFM). You can also look at this document on our website (www.shepherdsfriendly.co.uk) or ask us to send you a copy.

8 Premiums

- 8.1 Regular premiums must be paid by Direct Debit.
- 8.2 Lump sum payments must be made by credit or debit card.

9 Bonuses

- 9.1 Depending upon the investment performance of our With-Profits Fund, we may declare a bonus rate annually.

- 9.2 Bonuses when declared, are calculated on a daily basis (after deducting charges) and added to the child's account as at 31st December.
- 9.3 When the plan ends (the child's 18th birthday) we may also pay a final bonus to make sure that the child receives their fair share of the With-Profits Fund.
- 9.4 We will send you a statement each year so you can see how your child's investment is growing.

Please note: The addition of annual or final bonuses are not guaranteed and you may get back less than you paid in. Also see section 13 Market Value Reduction.

10 Transfers

- 10.1 To transfer an existing Junior ISA (Cash or Stocks and Shares) to us from another company the Registered Contact must complete our transfer form. We will then contact the existing company and write to you when we have received the money. The transfer may take up to 30 days.
- 10.2 As the child cannot have more than one Junior ISA of each type at a time, if transferring from a Stocks and Shares Junior ISA the whole account must be transferred. We will also accept partial transfers from Cash Junior ISA's.
- 10.3 If the child has a Child Trust Fund, this can be transferred into our Junior ISA. To transfer a Child Trust Fund into our Junior ISA, the Registered Contact must complete our transfer form. We will then contact the existing company and write to you when we have received the money. The transfer may take up to 30 days.

11 What happens when the child reaches age 18?

- 11.1 At age 18 we will write to the child detailing the options. These are:
 - 11.1.1 to withdraw the full investment from the account. The child should receive the money within 30 days of their withdrawal request being received by us, or their 18th birthday, whichever is the latter.

- 11.1.2 to leave the Junior ISA to be automatically rolled up into a Shepherds Friendly Stocks and Shares ISA on their 18th birthday. If the child decides that they would like to contribute to this new ISA, they will need to complete a declaration form.

12 Closure of the Junior ISA by us

- 12.1 We will close the account if you or the child fail to meet all the regulations and it then becomes void. We will write to you to explain why and what to do about it.
- 12.2 If we decided in the future to stop administering Junior ISAs we will write to you, giving three months notice for you to transfer the account to another Junior ISA manager.

13 Market Value Reduction (MVR)

- 13.1 If our investment returns have been low we may use a Market Value Reduction (MVR) to make sure the child does not leave the fund with more than their fair share of its assets. This is to protect plan holders who still have money in the fund, but it may mean that the child receives less than you expected.
- 13.2 We may apply an MVR if the plan is transferred to another provider at any time.
- 13.3 We will not apply an MVR if the child dies or a terminal illness has been diagnosed at any time, or if the child takes the proceeds within 3 months of passing their 18th birthday and the plan has been running for more than 5 years.

14 Payments made by us

- 14.1 We prefer to make payments to the child by cheque. For payment into a bank account we will need a written request and evidence that the bank account belongs to the child.

15 Death or terminal illness

- 15.1 In the unfortunate event of early death or the diagnosis of a terminal illness we will pay out a minimum of 101% of the fund value.
- 15.2 Because the Junior ISA is a life insurance contract:

- 15.2.1 The plan may be owned or held only as a qualifying investments for a Junior ISA.
- 15.2.2 The plan shall terminate automatically if it ceases to be owned or held in the Junior ISA.
- 15.2.3 The plan, or rights conferred by the plan or any share of interest in the plan, or rights respectively, other than the cash proceeds from the termination cannot be transferred to the investor.
- 15.2.4 The plan, the rights conferred by the plan and any share or interest in the plan or rights respectively, are not capable of assignment or assignation, and the rights may vest in the personal representatives of a deceased investor.

16

Cancelling the plan within 30 days

- 16.1 You can cancel the Junior ISA within 30 days of receiving the plan documents. If you cancel within this period, we will automatically refund any payments that have been made.
- 16.2 The refund will be for the amount of your original investment and we will not make any adjustment for investment gain or losses in that time.

17

Cancelling the plan after 30 days

- 17.1 Once the 30-day 'cooling off' period has finished, the plan becomes a valid Stocks and Shares Junior ISA and cannot be cancelled. If payments are stopped, the plan would be left dormant until the child reaches the age of 18 or it is transferred to another provider. You would not be able to open a new stocks and shares Junior ISA and leave the plan dormant with us.
- 17.2 A Junior Cash ISA can be opened with any unused allowance. As we do not offer a Junior Cash ISA, this would need to be with an alternative provider.
- 17.3 The amount paid in is a gift to the child and cannot be repaid if you change your mind after 30 days.
- 17.4 The Junior ISA can be transferred to another provider after the 30-day 'cooling off' period. To do this you would need to contact the new provider to request a transfer form.

18 Charges

- 18.1 Charges are deducted from the investment growth prior to bonuses being declared; these are currently 1.5% annually.

19 Your commitments

- 19.1 We will send correspondence to the Registered Contact's last known address. It is your responsibility to let us know when you as the Registered Contact or the child changes address.

20 Taxation

- 20.1 The child does not have to pay Income Tax or Capital Gains Tax on the investment at maturity and they do not have to include it on their tax return.
- 20.2 We do not pay Income Tax or Capital Gains Tax on the investments in the With-Profits Fund. Tax is automatically deducted from UK share dividend income and cannot be reclaimed.
- 20.3 This taxation information is based on our understanding of current UK tax legislation and practice. However, both law and practice may change in the future. If there are any changes to the taxation of this plan, the effect on the child may depend on their individual circumstances at the time.

21 Fraud and negligence

- 21.1 We are also required by legislation to establish the identity of customers we deal with. This means we may have to verify yours and the child's identity, if so this would involve electronic identity checks, for example checking against the Electoral Roll.
- 21.2 We will not pay claims that we have established to be fraudulent.
- 21.3 If at any stage during the operation of the plan, we reasonably consider that there has been fraudulent misrepresentation or non disclosure of material facts, or if we decline a claim for benefit on the grounds that we have been misled, we reserve the right to terminate the plan with immediate effect.

We are not a financial advice company and we do not make personal recommendations about the suitability of the product for you. Provided we are satisfied that the product meets your demands and needs, and it is not inappropriate for you to buy it, the information we give enables you to take your own informed decision to proceed with the purchase.

Our Member Services team, when they speak with you, ensure that you have all the information you need and are there to answer your questions openly and honestly.

How we remunerate our people

We take great care to ensure our people are remunerated in ways which do not create any conflicts of interest for them or you, and we structure their pay so that there is no inducement for poor sales practices.

We do this by paying our people by salaries with a bonus element for successfully doing their job. These payments are made by Shepherds Friendly.

If you wish to know the amount of any bonus related to the specific product you decide to buy, just ask and we will confirm it to you if one has been paid.

How we remunerate our introducers

When we receive your application for a product which has been referred to us by a third party (such as a financial adviser) we may pay them a fee. If we pay such a fee the amount will be advised to you before we process your application. In return for payment of this one-off fee the introducer has agreed with us to continue to monitor that the product remains appropriate for you and to answer any questions you have about its performance and its terms and conditions.

Your financial protection

The products we sell fall within the Financial Services Compensation Scheme and you are covered for 100% of the amount you invest with us should Shepherds Friendly suffer a complete financial failure. This compensation scheme is administered by the Financial Services Compensation Scheme (FSCS) who you can write to at PO Box 300, Mitcheldean, GL17 1DY. Telephone 0800 678 1100. Further information is available on their website - www.fscs.org.uk
